TATTOO

MANCHESTER

## TATTU MANCHESTER

Tattu is an independent family run business founded in 2015 by two brothers. The Tattu brand set out with a clear vision – to bring something unique and exciting to the UK culinary scene. The word Tattu is derived from a combination of 'Tattoo' the art form that inspires our interiors and 'Tatau' which is an ancient word from eastern culture that means to 'make a mark'.

The goal was to build a customer experience around the brand that stimulates all senses, fusing beautiful and meaningful design with quality and innovative cooking. Each seasonal menu is created by Tattu's talented chefs utilising only premium ingredients sourced from carefully selected suppliers, delivered by highly-trained front of house teams, with a strong focus on meticulous and engaging customer service.

Tattu's first restaurant opened in Spinningfields in 2015. The restaurant is set over two floors and tells the story of the journey of body art from its roots in ancient eastern cultures across the seas to the west and its influence on today's society.

## Cuisine

Tattu delivers contemporary Chinese cuisine, fusing traditional flavours with modern cooking methods and exquisite presentation to create a unique and exciting dining experience.

Diners are encouraged to embrace the customary approach of sharing dishes with their guests, from colourful dim sum and luxurious small plates, to contemporary main course dishes and stunning desserts. Each seasonal menu is created by Tattu's talented chefs utilising only premium ingredients sourced from carefully selected suppliers.

Our menus are broken down into four sections, Dim Sum, Small Plates, Large Plates, Sides and Desserts. The concept follows Chinese dining traditions of delivering food to the centre of the table to be sampled by everyone rather than the customary starter, main and dessert structure. As a social experience this invites more interaction and engagement between our customers and our team.

Dim Sum is a style of Chinese cuisine prepared as small bite-sized portions of food served in steamer baskets or small plates. They are an art form in themselves and can take be adapted to contain a range of interesting ingredients and shapes. The production of dim sum is highly skilled and specialist which makes it a rare concept outside of very traditional Chinese restaurants. At Tattu we experiment with unusual flavour combinations, colours and shapes to produce unique dishes that can't be found anywhere else.

To ensure our product is unique our menus go through a lengthy creative process, starting with a simple and recognisable flavour profile our team then formulate ways to expand on this profile from a new angle and presentation. Tastings are held weekly and an idea can be refined up to ten times before the final product is created ready for our seasonal updates.
