WHY CHOOSE HATTINGLEY?

At Hattingley, the only thing we take seriously is the winemaking, the rest, we try and have a little fun with, so expect the unexpected, embrace the unconventional, throw off the shackles of tradition and join us in some rather remarkable wines.

Our range of traditional method English sparkling wines are made at our eco-friendly state-of-the-art winery in the heart of rural Hampshire.

- Our wines are vegan friendly
- 'Best of British'
- Sustainable practices applied in our vineyards
- The Silver-washed Fritillary Butterfly is found in the vineyard, which indicates a healthy environment with rich biodiversity due to the extensive farmlands around us - this is something we take great pride in and seemed a natural choice to weave into our branding
- Recycling initiatives in place throughout the winemaking processes – from grape to bottle

Think Chablis, but all of the grapes were grown and made here in England! The palate is clean and fresh, with a mouthful of green apple flavours, and a creamy texture that is nicely balanced with its natural vibrant bright acidity.

A bright and vibrant nose of pomegranate, raspberries and strawberries, with a hint of freshly cut hay giving it a savoury edge. The palate has a lovely texture and lingers in the mouth - an absolute favourite for all Rosé fans.

STILL - RED

RRP £25

Less than two thousand bottles were made from the ripest barrels of Pinot Noir. Fermented on its skins to extract the colour, flavours and tannins we then pressed off to old Burgundy barrels and aged the wine for 12 months. Bright and juicy red fruits – cherry, plum and raspberry flavours backed up by very subtle tannins and a hint of oak. Perfect with your Christmas turkey.

ENTICE 2022

RRP £25

Made in an ice wine style, the Bacchus grapes were left on the vine for a late harvest, to increase the natural sugars in the fruit, before being hand harvested and frozen at -18°C for 16 days. They were then gently pressed, leaving most of the water behind as ice, to release the viscous and concentrated juice. With notes of tropical fruit and blossom on the nose, followed by refreshing lemon and elderflower on the palette. Its crisp acidity balances perfectly with its delightful honeyed character and natural sweetness.

MAGNUMS

When one bottle isn't enough, go large and splash out on a magnum of our delicious sparkling wines - they say this is the best way to enjoy traditional method sparkling wine at its finest.

Is bigger really better though?

In short, yes!

A magnum holds twice the amount of wine as a standard bottle but has the same neck size, so the air content is the same. This allows the magnum to mature at a slower rate over a longer period of time to create a more complex and refined taste whilst remaining fresher for longer and retaining its fruit flavours.

Our magnum bottles can be engraved with a personalised message or a company logo.
