

Where *history*, elegance and nature combine

Steeped in history and boasting 90 acres of glorious grounds, Ellenborough Park is nestled between the Cotswolds' highest point and the gallops of Cheltenham Racecourse. Our sumptuous manor house has been lovingly restored to its original five-star glory and is now home to laid-back dining experiences, a soul-soothing spa and rooms brimming with country house character. Since reopening in 2010, we've become Cheltenham's only five-star hotel, and one of the Cotswolds' best-loved places to stay, spa and dine - but there's so much more to us than that...

Pair this with our rotating selection of offers and events, we ensure that each visit to Ellenborough Park will be a new yet familiar experience, always greeted with friendly faces.
