“I recently hosted a party for 100 and it was phenomenal! The service was top-notch, with attentive staff. The venue itself was incredible. From start to finish, Shuffle Club exceeded all expectations. Highly recommended.

The Game

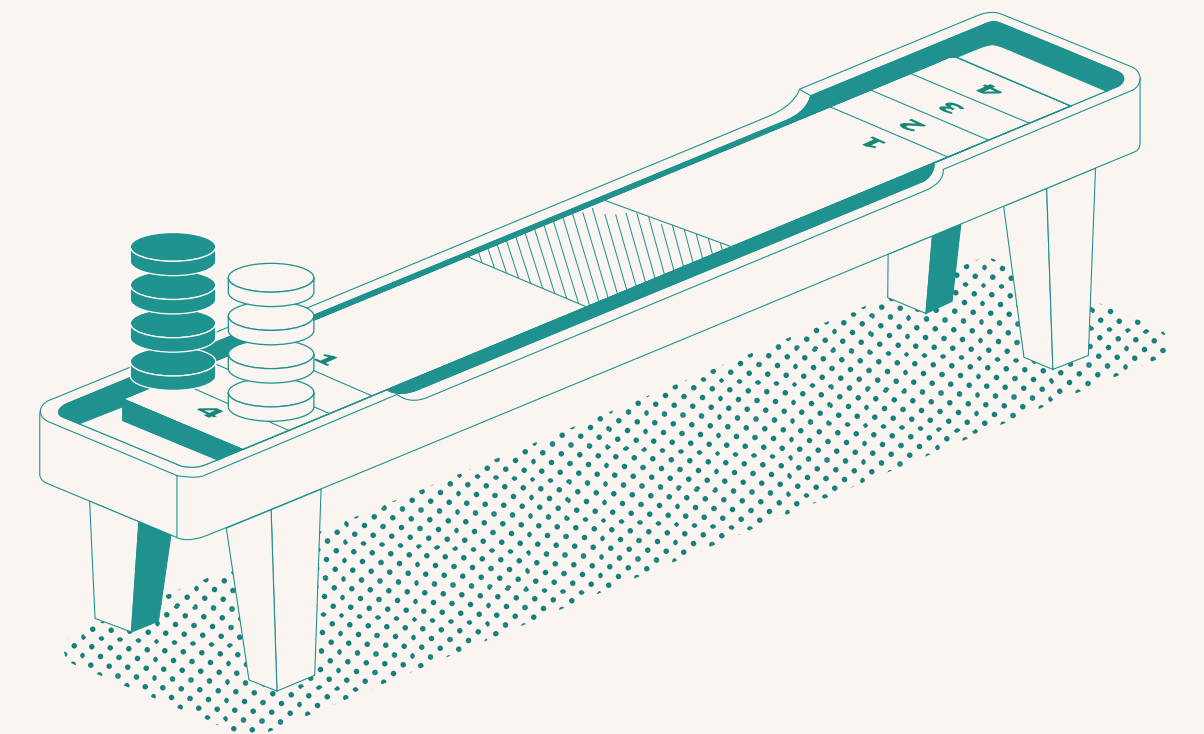

Shuffleboard is a real leveler. It's easy to pick up, totally addictive and massively fun to play. Even the self-confessed 'non-competitive' types are guaranteed to be hooked!

With shuffle hosts on hand to teach you all you need to know plus a touch of tech to enhance the experience without overpowering the game, your first shuffle session couldn't be easier or more fun.

And remember.....shuffleboard is a one-handed game, leaving the other free for a delicious cocktail (or two).

“We had a really great time at Shuffle Club. We booked for a work social and really enjoyed the game – which was easier to get the hang of than I thought it might be! The club had a great atmosphere and good music, plus all the staff were super attentive when it came to explaining the game and taking drinks orders.”

“I arranged an evening at Shuffle Club and everything really was perfect! I arrange lots of similar events and can say this far exceeded similar places that I’ve booked before. From the minute we arrived the staff were super friendly and couldn’t do enough for us. Everyone commented on how well organised the evening was and they all enjoyed themselves. We’ll definitely be coming back!”
