THE CONCEPT

In Greek mythology GAIA was the female deity, the ancestral mother of all life and the embodiment of the entire ecosystem.

She created harmony, wholeness and balance within the environment.

GAIA DUBAI

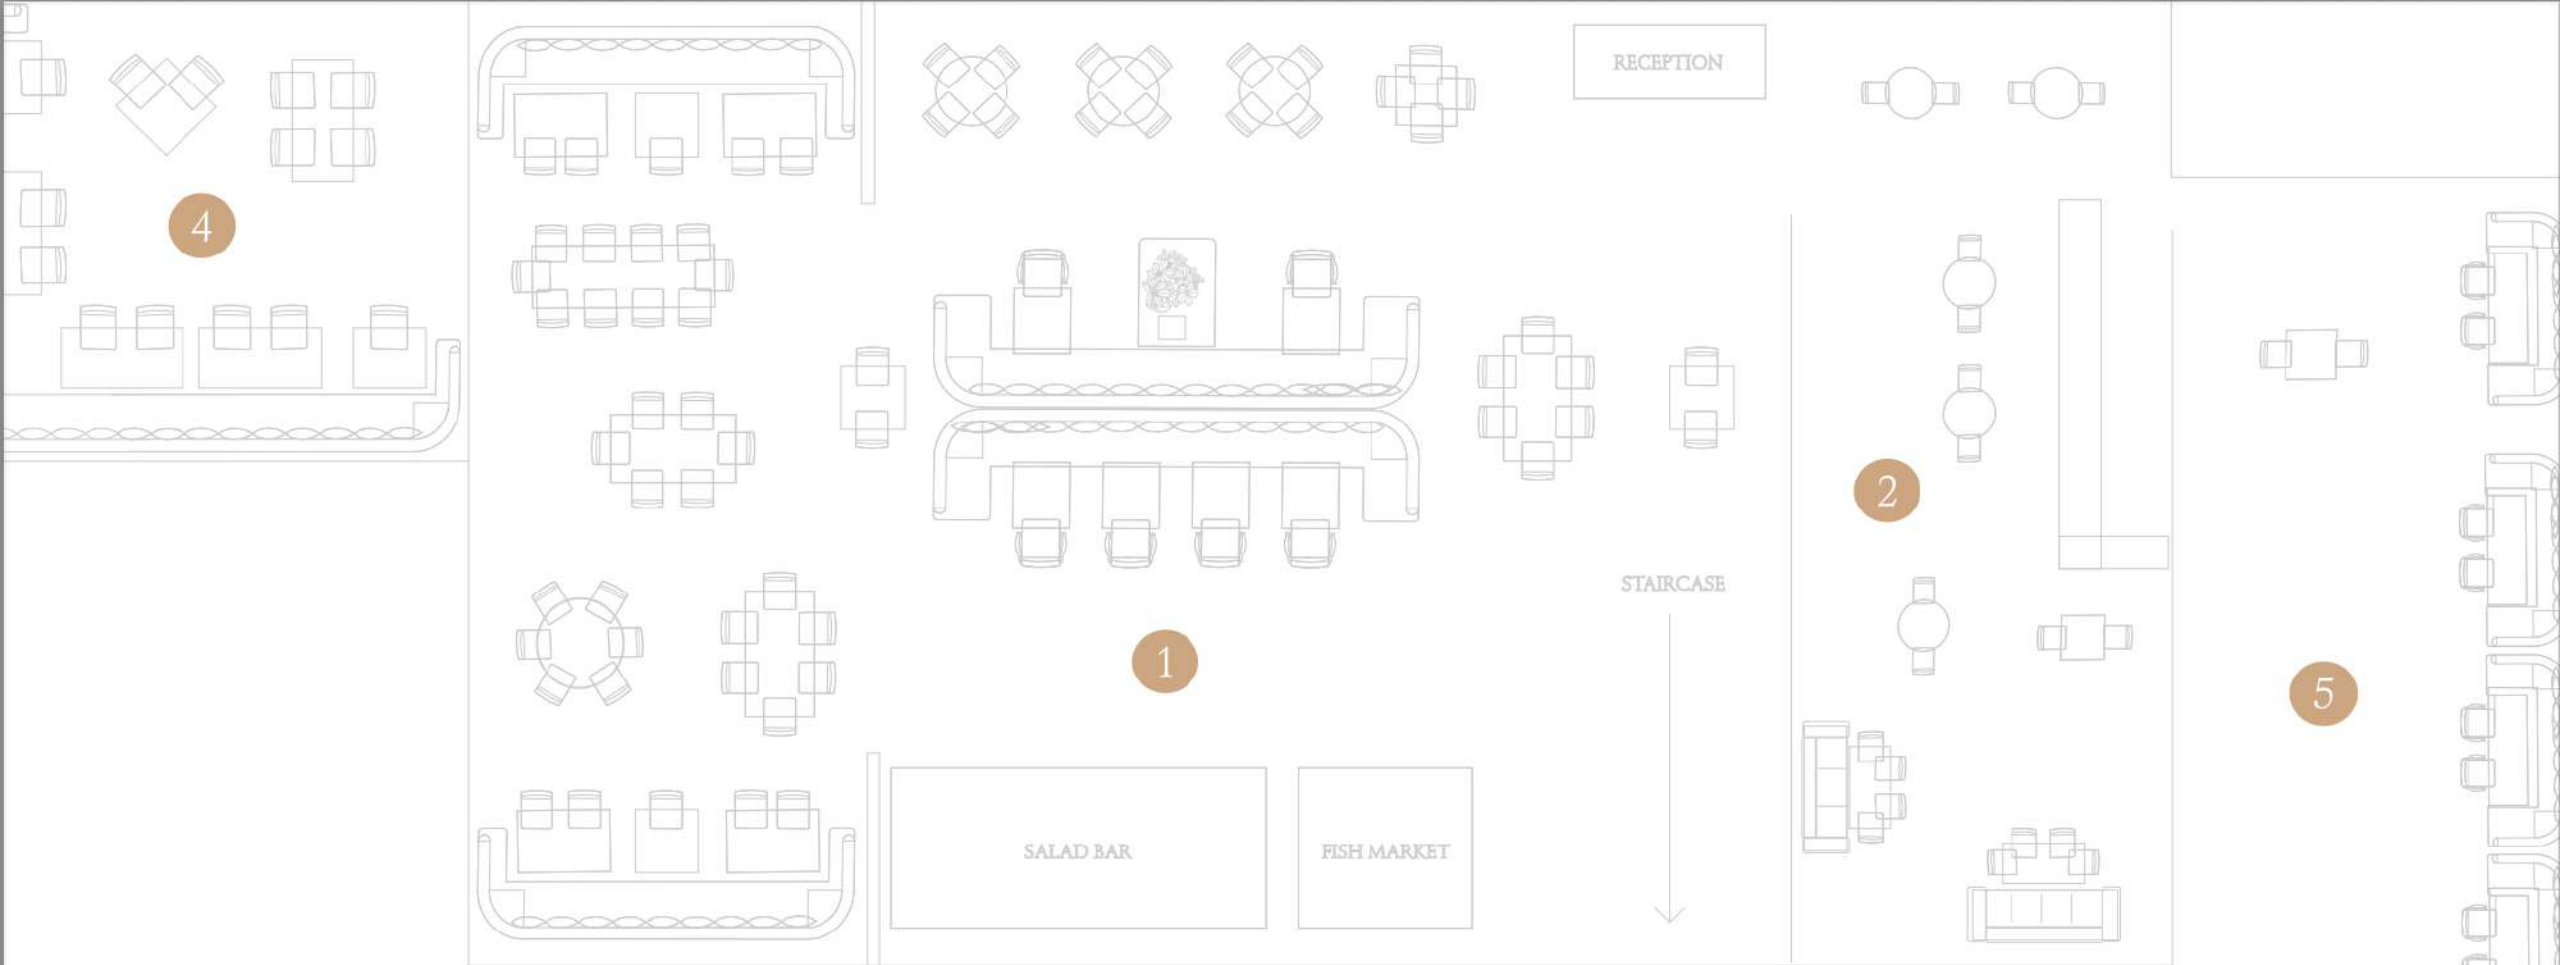

In a city carved from desert dreams and boundless ambition, GAILA Dubai rises as a tribute to the Mediterranean soul, where Grecian warmth, timeless beauty, and the rhythm of connection find their place beneath the ever-evolving skyline.

First opened its doors in 2018
